2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The idea of continuous evaluation has been introduced in the year 2013 when the university has introduced choice based system (CBS) for various PG programs. For this purpose the internal and continuous assessment is done as per guidelines issued by the university. The methods of continuous assessment include internal examination (unit tests), assignments, projects, group discussion, industrial visit and excursion. For undergraduate programs evaluation methods are used for regular and continuous assessment of students.

i) B. Sc.: Internal Unit test, take home assignment, group discussion, class seminars, projects, industrial visits, and excursion, problem solving sessions for maths and physics students. ii) B. A. : Internal Unit test, take home assignments, projects, historical field visit, geographical field visits, communication skill in English through group discussion, wall magazines, crossword puzzles also contributing to improve students vocabulary. The games like word antakshari, spin a yarn, role playing etc are very effective in developing their linguistic competence. Another innovative teaching method used by teachers in the class room i.e. mnemonics words. Here he/she goes on saying only words instead of sentences and ones they come to a basic understanding of the meaning of a particular concept, then the teacher explains in sentences. It helps in developing word power. iii) B. Com.: Internal Unit test, take home assignment, group discussion, Projects, Industrial visit, ICT class rooms. iv) M. Sc. Zoology: Internal evaluation by unit test, field survey for fauna, projects. v) M. Sc. Medicinal Plants: Laboratory visits, seminars, research projects to individual students, regular field visits for medicinal plants survey. vi) M. Com: Field visit, project, seminars, group discussion, industrial visits, survey . vii) M. A. all subjects: Internal Unit test, take home assignment, group discussion, Projects, Industrial visit, ICT class rooms.

This institution is very old (established in 1968) in this area. It has its own sprawling campus sprayed in more than 10 acres of land to work for all process. We have 20 classrooms, huge well maintained play ground, Seminar rooms, Auditorium etc. Institution has appointed sufficient support staff for the overseeing the maintenance of buildings, classrooms and laboratories. Additionally, many departments have Annual Maintenance Policies with suppliers and companies for the repair and maintenance. To improve the physical ambience of the campus, several initiatives are taken from time to time. • Periodic painting and white washing of building and labs Ground-men for maintaining

grounds, lawns, and Medicinal plant garden • Tree plantation drives every year.

- Adequate Housekeeping staff for general cleaning.
- Rest rooms.
- Dustbins at every 100 meters

There is a periodic maintenance plan for each activity such as painting, white-washing. We have dedicated staff that includes plumbers, carpenters and electricians for maintenance of infrastructure. Workshop technicians for welding, furniture repairs carry out their activities in summer. Lab equipment is maintained by the dedicated technicians in the labs on a periodic basis during summer / winter vacations.

##### 5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

The college had a regularly formed Student Representatives' Council, consisting of officially elected representatives from each class, which later sent its representative to the University Students' Council. This practice was in force till 2014-15, but due to the introduction of the new Maharashtra Public Universities Act, elections and formation of Student Representatives' Council was stopped. The properly constituted Student Representatives' Council worked in tandem with the administration and the academic staff and was actively involved in planning, decision making and contributing to the overall functioning of the college. In the interim period from 2014-15 onwards, in the absence of a regular and formal Student Representatives' Council, the representation of students in the management, planning and activities of the college was achieved through taking students up as members in some committees, holding regular interaction with student groups, getting student inputs through committee conveners and individual faculty members and even putting students in charge of some committees. The college administration has always involved the students in different aspects of the college administration. Students' representatives are present on different administrative bodies of the college.

The students elect from amongst themselves their representatives on academic bodies such as the Commerce Forum, Social Sciences Forum, Literary Associations, Science Forum etc. The students manage most of the activities of these forums and handle various responsibilities like identifying speakers or guests, disseminating information, handling logistics and arrangements, etc. Several of the other bodies working in the college have students' representatives on them. Student representatives are also nominated on the committees formed to deal with student grievances and concerns.

#### 5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

No

As tradition of our college, every year we conducts the meeting of all the alumni, the objective of this meet is to make alumni aware about progress and developments of the college in order to build the brand equity of the college also to get some suggestions for development of this college. The Alumni association is not registered. As there is no financial contribution from the alumni to the college, alumnni support come various time through non -financial means, like they deliver their best knowledge from their respective fields to the students. Some of the alumni have passed various competitive exam like NET, SET, Banking, Police, SSC, Army, and similar others. Our college invites them to discuss and share their knowledge with the students.

### CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

#### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The Principal distributes different activities according to the nature of job and type of contribution. The routine activities related to academics and disciplines are distributed to the heads of the departments. The heads of the departments complete that work with the help of the staff. IQAC is assigned with a certain specific task related to the academic maintenance of quality education, development and important activities. The president and secretary of the Gondia Education Society's at the highest level is in the constant touch with the head of the institution and gives enlightened leadership to the principal for the smooth functioning of the college. The institution works has decentralized for the achievement of above stated vision, mission, and objectives. The College Development Council meetings are conducted to identify issues, problems and policy related matters which are discussed for design and review of the policy, for approval of budget etc. The Principal acts as the link between the management and other constituents of the college. The college has a staff council which constitutes Principal and course coordinators of all disciplines that meets regularly to discuss functional problems and routine working. • The institution administration is decentralized to a large extent. Various committees have been formed to plan and monitor the functioning of the college. The principal with the support of the Heads of the Departments and

various committees' coordinators participate in decision-making, administrative powers and responsibilities are delegated to teachers on the basis of their competence, commitment and aptitude. • The conveners plan and monitor the project undertaken to achieve the targets in the stipulated time. Ultimately all the administrative, academic and financial activities are reviewed by the internal academic audit committee to ensure accountability. • The decentralized functioning mechanism empowers the departments and individual faculty and helps them in making independent decision. • The higher authorities and committees review these decisions, if need be, and give suggestions on the basis of principals report and feedback it gets from the society. The suggestions of the management are communicated to the teaching and non-teaching employees and implemented by the principal. Duties and rights of various departments have clearly been defined and understood. This undoubtedly ensures the operational autonomy to the departments/units of the institution. Also it renders decentralized governance system by large. Execution of various activities through several committees is testimony to decentralization of governance. Committee members have the freedom to plan and execute activities.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

## 6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Curriculum Development	The Institution ensures that the curricula of all subjects, as designed by the parent University, are made available at the Library, to its teachers and students well in advance. Changes in the curricula made by the University are communicated to the Teachers and the Students from time to time. At the very beginning of the session, the Principal conducts staff meeting to discuss the curriculum related issues at length.
Teaching and Learning	Principal directs the heads to generate list of laboratory goods, library committee demands the list of books, time table is prepared within stipulated time for all programs. The Internal examination committee issues notice to conduct subject/ paper wise Unit Tests. This serves as a check mechanism for effective completion of curriculum. Periodic Monitoring is done by the Head of the Institution through two meetings. First meeting is organized before the commencement of Diwali vacation to review taught curriculum followed by necessary discussion and directives. The second meeting is scheduled in December / January to review remaining curricula followed by necessary discussion and directives. The teachers, anticipating

the delay due to various reasons, plan extra classes during Diwali Vacation. Teachers Plan completion of teaching up to 15th of February and accordingly engage extra classes. The students are provided with learning resources and / or dictation in the classroom. Similar Plan is executed for Laboratory and Field work. The Teaching Learning activity at college is supplemented with Excursion Tours, Field Visit and Educational Tours as per the curriculum.

Examination and Evaluation

Since this institution is affiliated to RTM Nagpur University, Nagpur, The examinations are conducted by University. For the conduct of examination a committee is formed to look after the procedures related with examination and evaluation process. On behalf of principal one person is appointed as chief supervisor for conducting examination as per university rules. The evaluation process is transparent. The students performance is taken into account for assessing it. Continuous internal evaluation is done for the students.

Research and Development

For Research and development the faculty members are encouraged to write the project proposal and also to pursue the research work. Accordingly all the faculty members work at their level best for research and development.

Library, ICT and Physical Infrastructure / Instrumentation

Our college is equipped with well developed library having more than 42 thousand books costing around more than 98 lakh rupees., The physical infrastructure is adequate having 20 classrooms situated in sprawling campus of 10 acres area. The instrumentation is available in the laboratories and also being upgraded as and when required.

Human Resource Management

For Human resource management our society has given adequate number of staff for conducting college activities.

Industry Interaction / Collaboration

College is in constant touch with neaby industries for giving motivation about industrial processes.

Admission of Students

For admission of students, affiliated university is giving plan for admission and accordingly the admission committee is formed to take necessary measures about admission process. The admissions

are taken as per merit list.

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The audit is carried out by both internal and external agencies. Audits of the college as a whole are carried out every year without fail. The first instance of audit is the college accountant which prepares the draft audited statements and ensures that all financial matters and transactions are in consonance with the applicable norms and regulations. In the second instance, every year these accounts and transactions are audited by professional and licensed chartered accountant agencies, which carry out the audit independently and certify if the financial matters have followed requisite norms or not and point out discrepancies if any. In addition to these annual internal and external audits, there are also periodic audits by some government agencies. The office of the Joint Director of Higher Education from the region sends its team periodically to physically verify the financial undertakings of the college. Similarly the regional office of the Accountant General of India also periodically checks and verifies the audited records of the college and seeks compliance if any discrepancies or lacunae are found.

## 7.2 – Best Practices

### 7.2.1 – Describe at least two institutional best practices

**Presentation of the Best Practices-1**

1. Title of the practice: Promotion Of Sports Culture Among School Students

2. Goal: To improve and inculcate a spirit of inquiry, creativity and love for Science and Mathematics for School children.

3. The Context: In pursuance of the focus on connecting school based knowledge to life outside the school and making learning of Science Mathematics a joyful and meaningful activity, to bring focus on innovation and use of technology and effective use of technology amongst children and encourage those who show an inclination and talent for these subjects to be encouraged and supported to heights of academic excellence and research.

4. The Practice: Our college team of RAA organized the seminar in various nearby school to enable children to become motivated and engaged in Science, Mathematics and Technology (SMT) through observation, experimentation, inference drawing, model building, rational reasoning, testability. Tried to improve practical knowledge by introducing some science based model.

5. Evidence of Success: The presence of no. of students along with teacher. Due to the curiosity all the audience were excited to know more about Science and Technology. Visiting of school student to various lab in our college through this practice.

6. Problem Encountered and Resources Required: Due to lack of time the discussion session was too short.

It was not possible to satisfy questions of each student because of huge student strength.

7. Notes (Optional): Such type of activities are very beneficial for students. Uses of science based models are great attraction for school students. Uses of daily life example also great importance

**Presentation of the Best Practices-2**

1. Title of the Practice : Environmental Awareness Through Nature Club

2. Goal : The Nature Club is working with intention to make more and more involvement of young students in Environmental conservation. To make study of problem in conservation and to be committed towards solving those problem. To acquire the background information for research. To strengthen campaigns and Advocacy based project.

3. The Context : In Pursuance of the focus on connecting College Education with Environmental conservation practices outside in national interest, it is necessary to understand the richness and value of our ecology for human welfare and creates a mass movement for its protection and conservation through education and bring into practice at grass root level it in collaboration with concerned dept. It is more important than classroom teaching.

4. The Practices : Our college team of Envocare Nature Club Volunteers are Involved in following innovative practices,

i. Water fowl Census : The pristine habitat of wetlands with rich flora and fauna and insects activities attracts the migratory birds ( Water Fowl) coming from Siberia, China and a parts of Africa every year. Nature club volunteers takes the opportunity of identification, Counting as it is the bio-indicators of Existing Climatic Conditions as well as the climatic variations of this region. Similarly, the population, and threats to them and their habitat is being studied and finally documented In BNHS, Mumbai.

ii. Conservation of Forest and Wildlife : This region is rich with forest cover wildlife resources. Its conservation for future eneration is a need of hours therefore, the young Volunteers of nature club are involved in, Conservation practices through, Nature awareness rallies, Street Play, Public Counselling, Slide show etc , making students aware about degradation and restoration by field visits

Participation of students in Tiger Census in Nagzira ildlife Sanctuary a. Prohibition of Hunting Practices : The hunting are also a common phenomenon

which can be prohibited by constant monitoring of volunteers, restricting the hunters with the support of forest people and removal of hunting gears in specific hunting sites. b. Tiger corridor study: Addressing the problems arise to corridor destruction by some developmental activities and need of its conservation has also been studied w.r.t maintain Gene pool too. c. Community Services : It includes , the Shielding and de-shielding of natural waterholes, construction of Weirs in wildlife sanctuaries so as to develop the sense and importance of moisture conservation. to strengthen the conservation practices and wildlife management. 5. Evidence of Success : Nature club volunteers are also been trained to create new pattern of behaviour in society towards the environment through Eco-religion which includes: i. The students are promoted to establish people group for collective environmental movement and action to develop a leadership qualities as well as to restrict the overexploitation of resources so as to get more and more benefits to people over generations. ii. The nvironmental educational programmes are being organized in the various schools and colleges to make aware them by slide show, lectures, snake awareness programmes, Drawing, Face painting competition and by power point presentation with the support of world Wide Funds for Nature- India, Maharashtra State Office , Mumbai. iii. Conservation motives is being practiced in some villages by forming self help groups, counselling of people and build up a spirit of conservation through some extension and educational activities so that there should be a maximum participation of people as the several environmental practices 5. Problems Encounters and Resources Required : Due to increasing populations and shrinking of resources, the livelihood of the people from this territory leads to overexploitation of resources. Despite of all these educational and awareness activities the complete solution is not achieved , it need more efforts. 6. Important to Note : nvironmental awareness and outdoor activities are very essential for the young students of college, as it provides the platform to understand the ecosystem in real sense, it develops a sense of understanding the problems and to work for its solution. The college students would be the part of the national systems, policy makers or in judiciary. These practices makes them more confident to work for the welfare of environment in future point of view.

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Spreading the light of knowledge and education as much and as wide as possible has been the mission of the college. Accordingly, the college has constantly strived right since its inception to bring as much access to education as possible in the remote and backward region (Naxalite affected) where it is located. Starting with a handful of students and just two undergraduate programs in the 1968, the college now caters to over 2040 students and offers 3 undergraduate, 8 postgraduate programs. It is not just the sheer number of students, but the profile of the student population too, which shows that the college has effectively worked towards its mission goals so far. The student population consists of almost 65 girl students and overall 85 of its students come from backward and weaker classes of the society. Thus, the college caters to the underprivileged sections of the society in terms of providing access to education. But along with the increase in the quantum of access, the college has also constantly strived to improve the ways in which the access is given with regular up-gradation, modernization and innovation. On the one hand, the

college has focused on the quality of education by having a qualified and well-trained staff, latest facilities and resources for effective teaching-learning and good support systems for students. On the other hand, it has persistently worked towards modernization of infrastructure and facilities, bringing latest developments to the college and promoting innovations in its approaches and work. Thus, while the college has expanded its basket of educational opportunities and its reach to a large number of students, predominantly from the underprivileged sections, it has also improved the quality of its offering. These underprivileged students now have an access to education, ICT-based classroom practices, global connectivity through wi-fi and high-speed internet and strong scope to pick up 21st century skills. Innovations in pedagogic and assessment practices, skills-oriented education, multifaceted development of students, conscious promotion of green practices and nurturing moral and ethical values have been the highlights of the college. Thus, providing ever-increasing access to education with constant improvement in quality and keeping pace with time has been the distinctive feature of the college, which reflects its mission and vision.
